

Calgary Fish & Game Association

Say hello to the fish in the Bow River!

The **Calgary Fish & Game Association (CFGA)** has developed a fish identification book, *“Exploring the Bow River: The Underwater World of Fish”* with a vision to help children identify the fish that live within the Bow River.

The book displays Alberta’s nine sports fish that are present locally and will assist with a child’s curiosity to explore what lies below the surface of our rivers and lakes.

“Exploring the Bow River: The Underwater World of Fish” is available to youth groups and local communities with an interest in outdoor pursuits. For further information please contact: info@calgaryfishandgame.com

The **CFGA** was founded in 1908 and is one of Alberta’s oldest fish and game clubs. Preserving Alberta’s habitats, from the Rockies to the Prairies, is simply a way of life - a way of life that the **CFGA** believes can be sustained for future generations. And, of course, we also believe that tomorrow’s conservation efforts begin with the children of today!
